

3D Print Request Form

This form is for requesting items to be 3D printed in the CNRS Core Research Facility, Science B, Room 230(1).

Please keep these points in mind:

- Print order is first come first served
- Printing will not start until all the documents have been satisfactorily submitted
- In some cases printing will not start until the material has been paid for
- Do not plan on printing anything smaller than 2 mm in width/diameter.
- There is at least a 6 day turn around time
- The CNRS Core Facility will print the submitted file and is not responsible for inaccurate or incomplete printings.

Please note dimensions must be in **cm**.

Preparation Date:

Class Name and #:

Name and Login ID:

Faculty Name & email:

Faculty/Staff Project Class Graduate Other

File name:

(* .stl file naming convention: [LoginID]_[OneWordDescription]_[Class or Project]_[FacultyLastName].stl

For Example: Charles Francis Xavier (LoginID: cfx215) would like to print some dentures for Art 205 class taught by Count Dracula. "cfx215_Dentures_Art205_Dracula.stl")

Overall Item Dimensions in **cm** (H(z) x W(y) x L(x))

Date Needed

Item description:

Core Facility Only (Science B Room 230, cnrs.core@humboldt.edu)

Submission Date:

Pay Date:

	Model Material, in ³	Support Material, in ³	Total Volume, in ³

Estimated Cost:

Pick-up Date:

Cost Breakdown

\$0.40 per cubic centimeter (cm³) (\$6.50 in³, 16.4 cm³/in³) for support and model material.
